Dear go players from the whole world,

We are very happy to welcome you here in Bordeaux, for the 55th European Go Congress. For this occasion we are expecting up to 1,000 players from over 40 different countries! Our best wish is that all of you people can get to know each other along the two weeks we are going to spend together, and exchange experiences, culture, knowledge, and friendship.

During the congress you will be able to play in the main tournament as well as many other side tournaments that will be organized every day. A lot of go events will be held too, including workshops and conferences. You can find information about these in the information booklet that you received when registering.

This bulletin will regularly publish news about all of these events, in the form of game commentaries, articles or interviews. We will also try our best to report the impressions and atmosphere of this exceptional event day after day.

A small team will work for this purpose. Peter Dijkema will be among all of you, trying to keep track of every single impression: the satisfaction of a difficult battle, the deception of a loss, the happiness of a friendly moment, the surprise of an unexpected meeting... Don't hesitate and convey every kind of feeling to him! We will try our best to report everything and make a nice bulletin to be kept as a souvenir of the 55th European Go Congress in Bordeaux.

We wish you a great time, nice encounters, and exciting games!

*Claire Rioualen*

### ■ Peter Dijkema

Encountered our game as a teenager. Stayed at two-digit kyu level till I joined the Amsterdam Go Club 15 years later, after I majored in philosophy. My first tournament as 1-kyu was at the Paris Open in 1986. I scored 3-3 and felt that my black belt came within reach.

After my first Congress in 1984, I missed only a few. I played in the main tournament only first three times. Next I switched to the role of reporter, at the EGC in Grenoble, France, in 1987. A year later GO MOON was born, mainly filled with fresh top-pro games from Asia. It lasted about five years.

Next I mainly published outside the realm of our game, but during EGC's, I often ran the bulletins: Maastricht '94, Tuchola '95 and Prague '96, and several more.

In 2007 I wrote and translated one year for the interactive teaching site [321go.org](http://321go.org) and I started to contribute weekly news from Europe to the e-journal of AGA. Until a year ago, I was also editor-in-chief of news at [EuroGoTV](http://EuroGoTV) for about a year. Next I wrote most of the first news from Europe at [wbaduk.com](http://wbaduk.com). During the EGC-2009 in Groningen I was senior editor of the daily bulletin. In Bordeaux I look forward to work with long time friends for the bulletins of EGC 2011, as much as I like to meet many old friends again among the participants of this congress.

### ■ Claire Rioualen

I started playing go in 2005, and took part in my first congress in 2007, in Villach, Austria. At the time I was playing with the strength of 14 kyu. Peter asked an interview from me, that's when we first met. This was also the year it was decided EGC 2011 would be held in France!

Around the same time, I started taking various responsibilities in the French go sphere. I became president of my go club, as well as a KGS administrator. After attending various meetings of the French Go Federation, I decided to bring my own little contribution to this world, by helping with the EGC organization.

I'm looking forward to meeting all of you!

### ■ Gérald Garlatti

President of the Chambéry go club in Savoy, I started to play ten years ago and I walk step by step on the go's path. It's my first European congress and I give an hand at the main organization. Also I'm the layout builder of the bulletin, so probably you'll see me with a camera to shoot events, games and you !

Together, let's do a great EGC !

### ■ Alexander Dinerchtein

Alexander Dinerchtein is a professional 3 dan from the Korean Baduk Association, and teaches go in Kazan, Russia. He is also the manager of the Insei-league on KGS. He will provide us with game commentaries and various information during the congress.

### ■ Jean Allard

Jean is a go player and the president of the go club in Marseille. He attended several EGCs, but also took part in the 41st EGC held in Marseille in 1997. He was one of the main editors of Go Spell, the journal of the congress this year.

He has kindly agreed to give us a hand this year for the EGC bulletin, 14 years after the last French congress!

「がんばれ、日本」

世界中の囲碁を楽しむ人なら誰もが、少なくとも一度は、どんな形であれ…それは小説やマンガを通じてかもしれませんし、プロ棋士の棋譜を通じてかもしれませんし、また、単に、友人を通じてかもしれません…「日本」という存在を憧れをもって思い浮かべたことがあるはずです。

その日本を襲った未曾有の自然・原子力災害、そして深刻な被害の報道、映像を目の前にして、私たちは、衝撃を受けるとともに、あまりの無力さに無念を感じました。

しかし、どんなに離れていても、ささやかながら一つだけできることがあります。それは、心を一つにして祈り、被害を受けた方々を応援することです。

「がんばれ、日本」と。

ヨーロッパ囲碁コンGRESにとって、大震災は人ごととはいえません。参加を予定されていたにも関わらず、コンGRESに来ることを諦めざるを得なくなってしまった日本人の方々がいらっしゃいます。……ある方は震災によって休暇の予定が狂ってしまったために、またある方は自分が愛する人々の傍にいてその助けとなるために。

「がんばれ、日本」

私たちの祈りが、試練に勇気を持って立ち向かう日本の方々に届きますように。日本が、一刻も早く元気を取り戻し、今回フランスに来ることができなかつた皆様とも、近いうちに碁盤の前でお目にかかることができますように。

ヨーロッパ囲碁コンGRES組織チーム

日本棋院所属の先生方（武宮正樹九段、マイケル・レドモンド九段、小林千寿五段、謝五段、大沢奈留美四段）が、7月30日の土曜日に、チャリティー巨大多面打ち指導碁を行ってくださることとなりました。その際に集められた義捐金は、日本の復興のために用いられます。

## Gambare, Japan

Which go player, in the whole world, has not dreamt about Japan even once? Has it been through literature, manga, professional games, or just thanks to a friend?

Looking at pictures of the unprecedented natural and nuclear catastrophes that stroke our “dream Japan”, we were overwhelmed, and we felt helpless.

However, despite the great distance that spares us, we are at least able to give a hand -though very modestly-, to the victims of the earthquake. We can join our hearts, give them a moral support and pray:

“Gambare, Japan!”

Our European Congress is also concerned. Several Japanese people had to cancel their participation after the earthquake, since they had to reschedule their holiday, or wished to stay near their loved ones.

“Gambare, Japan!”

May our prayers reach Japanese people facing these ordeals with courage. May Japan gain back its vitality as soon as possible, so we can catch up this missed rendez-vous in front of a go board.

## IGS-PANDANET

For the first time this year, the Pandanet-IGS go server has been organizing a European team championship.

The formula consists of 30 countries playing in three different leagues.

Qualifications were organized over the whole year, from November to May.

Each country had to play against all of the other countries from the same league, according to a round-robin system. Nine rounds were thus organized.

In the A-league, the best European teams competed in order to earn the right to take part in the finals to be held at the EGC in Bordeaux.

After a hectic competition, the top four teams were able to qualify. Romania, Russia, Ukraine and Hungary will face each other in a three-round competition that will determine the European champion.

The finals will be played with a time-setting of 60 minutes per player, and a Canadian byoyomi of 25 stones in 10 minutes.

Welcome in France! (part one) - Voj Petrov

Gentlewomen, Gentlemen, this might be the first time you're in the country of the smelling cheese, of the snail eaters, and of such beautiful women. Just relax! We're trying to make it easy and smooth for you, beginning with some practical French classes. You probably won't be a Don Juan after those, but you should be able to survive.

Reading written French will probably be an overwhelming challenge. Just forget about it. The author himself spent several years being able to write it properly. He considers himself lucky; most people down here just can't spell it correctly. This is the reason why I have tried to give you an English equivalency for those barbaric words/expressions when appropriate. Here we go!

Bonjour: hello ; literally «good day»

Bonsoir: hello (in the evening) ; literally «good evening»

Salut: hi!

Au revoir [o re-vou-ar]: good bye

S'il vous plaît [sil-vou-play]: please ... yes, I know this one is tough

Merci [mair-si]: thanks

Je ne comprends pas le français: I don't understand French

Parlez-vous anglais ? : Do you speak English?

Bonne partie !: good game! I'm quite sure this one will be appreciated.

Un, deux, trois, quatre, cinq, six, sept, huit, neuf, dix: one, two, ..., ten

Où est .. ? : Where is....?

Les clés [lai clai]: the keys

J'ai mal: I hurt

J'ai sommeil: I want to sleep

Un sandwich [ain sandwish]: A sandwich. Might be useful, one never knows ...

Une entrée: first course

Un plat: main course

Une bière: one beer. You'll either get a bottle or a 1/4 glass if you don't specify anything

Un verre de vin[ain vair de vain]: a glass of wine. After all the EGC is in Bordeaux, the countryhome of the finest grapes

Vin rouge: red wine

Vin blanc: white wine

L'addition: the bill

Voulez vous coucher avec moi ce soir ?: possibly not the best approach...

The Polish summer go camp is one of the biggest go events in Europe. It will take place right after the EGC. It is possible to go there by yourself or with your family, whichever strength you have.

Located in the countryside, you may find there a lake, horses, and a lot of outdoor activities. The summer camp is indeed not only about go. Board games and sports are organized, and the location offers many other possibilities. It is possible to sleep in tents or cottages. The camp provides a kitchen, a big meeting room and also a dancing room.

*“This year we are more than ever prepared for visitors from other countries”, organizers say. “Every information will be printed in Polish and English, and many lessons are going to be in English. If you speak German you also will find lot of people to communicate with, like the owner of the camp, and a lot of go players.”*

This year will also be a special occasion for Peter.

*“Last year I couldn’t attend the EGC in Finland, so I chose the more affordable alternative: the Polish summer camp. To my dismay, it was cancelled! Main organiser ran it singlehandedly and needed a break, I learned. But I wanted to go on Go-holiday!*

*As an experienced go-player I used the aji I’d build up. By that aji I took over organizing it, by delegating it all to the bearer of that aji. He took my tip and delegated all work to people he had met on the go-camp during the year before.*

*At an opposite side of the global board I had also some good aji in Korea. As a reporter I’d written a lot about the Korean-style Insei League of Alexander Dinerchtein on KGS, and also most of the first 100 reports for «European News» at [baduk.com](http://baduk.com) in Korea. One of the teachers working with Alex is Hajin Lee 3P. We became friends on Facebook.*

*When I noticed that Hajin would teach at the EGC in Tampere last year, I asked her to hop over next to Poland and teach us a bit. Somehow she could manage! Great fun. In return for her lectures, we taught her swimming, volleyball and some board games.*

*Hence, by chance, some good luck after writing a few mails, I became a VIP for saving the Polish Summer School in style. The former organizer attended and so much enjoyed his holiday, that he promised to take over for this year.*

*My VIP treatment means that my 60<sup>th</sup> birthday party there made it to the official program: evening lecture cancelled. Karaoke party! Which didn’t gather much enthusiasm among my friends, who would attend.*

*That’s when I suddenly remembered those American Go Songs! I got them in the early days of GO MOON, when I wrote with Roy Laird and the late Bob High, then President and Secretary of the American Go Association, who wrote most.*

*That’s why we will print some of them in the issues of the bulletins to follow.”*
